

Dear Friends,

The primary purpose of Hearts of the Father Outreach is to establish homes of refuge for orphaned and abandoned children. The homes provide for the children with physical, psychological, and spiritual needs in a loving and Godly environment.

Through your help and participation in the golf tournament HFO will be able to provide an education for the children in our Ghana Home and in the Uganda programs. The funds raised in this years' tournament will again be used strictly for education and significantly affect the lives of children who would otherwise not have a hope and a future.

For His Children,

John & Libby
